Alcune delle iniziative di Eidos (come il recente lavoro di 54 artisti, organizzato proprio nei negozi, a gennaio, da Bob Mankowitz, autore del film *Superstar*), si basano su una serie di iniziative che Eidos ha messo in campo negli ultimi due anni: da un lato, la creazione di un nuovo dipartimento di marketing, che si occupa di relazioni con i media, di pubblicità e di promozione; dall'altro, la creazione di un nuovo dipartimento di ricerca e sviluppo, che si occupa di nuove tecnologie e di nuovi prodotti. Un lavoro che Eidos ha fatto in stretta collaborazione con i suoi clienti, che hanno fornito molte idee e suggerimenti.
